Cute, cozy & move in ready, this tiny home living may be bigger in life style then you think with a beautiful open concept layout. Built in murphy bed full washroom with laundry & combined living space with the eat-in kitchen & living room together. There's also a sleeping loft overhead for more space. A rare find only being a few years old. Outside you'll be more then happy with the large private lot that offers a mature treed perimeter already set up. Well, septic & hydro. It's only 5-6 minutes from Petitcodiac with groomed trail access. Just a few doors down & only 2 minutes from the famous blueberry hill wedding barn. Would make a great Air B&B. (id:24320)
