Nestled on a serene wooded lot, set back from the road front, this unique two-story camp offers a tranquil retreat. Your main level features a full kitchen with a wood stove and cozy living room with a loft-style bed. A custom-designed shower enhances your 3-piece bathroom. Take the staircase to your loft-style 2nd level, or ride the fire pole back down!! Just one of the many little features to make this a fun getaway for the children. Upstairs you'll find a bedroom and an open extra space, perfect as a guest room or game room. From the 2nd level, access your 2nd level deck and you're in for a surprise! The already large deck, overlooking your private back yard, extends into a sky-walk into the woods where you'll find a double decker, family size "tree house". The back yard features a large firepit, freshly-seeded lawn and the full-ambience of nature. Whether you're looking for a family get-away or airbnb property, this may be the perfect match for you.
